If you plan to take an exam, you should study the training manuals. They can be ordered at (800) 226-1764 or <http://ifasbooks.ufl.edu>

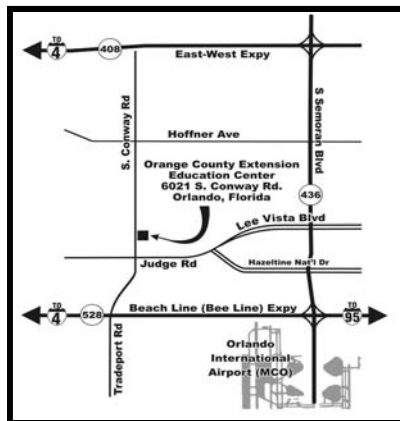

**GENERAL STANDARDS (CORE)** - This is the basic examination for pesticide applicators. The exam covers principles of pest control; pesticide labeling and formulations; pesticides in the environment; harmful effects and emergency response; personal protective equipment; mixing, loading, and application; transportation, storage, disposal, and spill cleanup; and Florida laws and regulations. *Training manual: SM1 - Applying Pesticides Correctly.*

**RIGHT OF WAY PEST CONTROL** - This category is applicable to individuals using or supervising the use of restricted pesticides, or other pesticides requiring licensure, in the maintenance or right-of-way areas associated with public roads, electric power lines, pipelines, railroads, and other similar areas; but not including the use or supervision of restricted use fumigant pesticides. This category is valid for licensure of commercial and public applicators. *Training manual: SM 9 - Right of Way.*
